DETAILED ACTION

Allowable Subject Matter

Claims 3, 8 and 12 are allowed.

The following is an examiner's statement of reasons for allowance:

None of the prior art of record discloses a multimedia system wherein a data block has a header containing an identifier which indicates the content of the current data block, child block data count indicating the number of child blocks are stored in the data area of the current block and data length indicating the length of data in the current block, wherein a data extractor searches for data to extract based on the block ID, child block count and data length, in combination with the other specified claim limitations.

Independent claims 3, 8 and 12 contain the above limitation and are therefore found allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Paul A. Baker whose telephone number is (571)272-4203. The examiner can normally be reached on M-F 10am-6:30pm.
